

When I attended Sunnybank State High School, it was an amazing experience that left me with so many great memories I will never forget. With numerous amounts of possibilities, Sunnybank SHS provides students with the foundations to develop their skills, confidence, and self-esteem as well as providing a safe environment for student to build new friendships or to maintain existing friendships.

Sunnybank State High School give students the chance to explore their interests, and this occurs through the programs offered at the school. Whether students are interest in sport, art, music or academics, there are activities and programs that cater for a diverse range of interests. Such activities and programs include Multicultural Day, Harmony Week, Christmas in July, Sport Carnivals, numerous excursions, Homework Club afterschool and many more.

Looking back at my years at SSSH, I think what I loved the most was the access we had to our teachers due to smaller class sizes. This allowed each student to receive the assistance and guidance they need to be able to achieve highly as well as feeling valued by their teachers. Small class sizes allow students and teachers to form unique bonds that continue well after high school.

I also enjoyed how friendly everyone is, both students and teachers, and how easy it was to make friends and to have a friendly relationship with most students. All in all, SSSH is a welcoming and friendly environment, filled with cheerful teachers who care about all students, and students who are accepting and respectful of all peers.

I cannot imagine myself attending any other high school for my senior schooling as SSSH gave me the drive, motivation and confidence to achieve success and be my best self.

Hannah
